Easy and accurate identification of  
acupuncture points

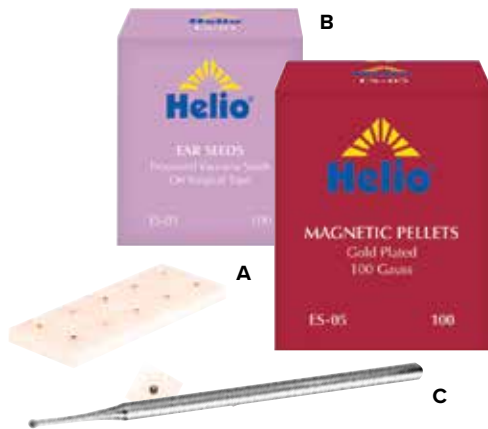

Models are 27.5" tall and  
show 396 acupuncture points

#### Acupuncture Model

This new acupuncture model sets the standard in didactics and aesthetics and has been developed in cooperation with experienced acupuncture specialists. It contains 396 acupuncture points. All conduction paths are colored according to the 5 phases. We have intentionally dispensed with Chinese labelling on the model. This makes the accurate identification of acupuncture points significantly easier.

Male	1000378	\$216.00
Female	1000379	\$216.00

Conduction  
paths are colored  
according to the  
5 phases

**A. Helio® Ear Seeds, Latex free  
(100 per box)**

## 3B LASER

The innovative 3B LASER is classified as low-level laser therapy, and offers painless and noninvasive treatment. Light particles (photons) with high excitation density are conducted through fine optical fibers. The fibers do not puncture the skin, but are placed on therapy points, radiating into the tissue. The lasers can be used simultaneously treat up to 12 acupuncture points and on any point combinations on the body, head, and ear. Thus, corresponding methodically to the traditions of classical acupuncture and equivalent to in the cerebral and peripheral stimulation effects.

The daily work is greatly simplified so that both a bedside and remote observation of the therapy course is possible. Adhesive applicators, which simplify affixing the waveguide and save the therapist valuable time, are provided as standard.

## Product specifications:

- Classification Class IIa according to EU Guideline RL 93 / 42 EC
- Laser class 3R according to EN 60825-1:2008
- Effective output in CW operation 12x50 mW
- Number of lasers: 12 diodes
- Wavelengths: 660 nm or 785 nm available
- Conformity CE 0366
- Pays for itself after only a few treatments
- Made in Germany: guaranteed highest quality and safety
- Multilingual product manual (EN, FR, ES, IT, PT, DE)

## Available in two options:

**3B LASER, 12 channel red (660 nm)**  
**1017713 \$10,488.00**

**3B LASER, 12 channel infrared (785 nm)**  
**1017714 \$10,488.00**

Offer your patients a pain-free acupuncture treatment:

- + Simple to use
- + Low life cycle costs
- + Space-saving and convenient
- + Perfect ergonomics

➤ **The noninvasive and gentle alternative to traditional acupuncture. Your patients will love the therapeutic results!**

## 3BTAPE ELITE

**3BTAPE Elite** was developed specifically for high performance applications, making it the perfect kinesiology tape for athletes and sport specific treatments. It is easy to apply and stays in place. The new composition of cotton and synthetic fibers assures faster moisture release and higher endurance, with up to 4-times the impact strength than regular **3BTAPE**. The material is latex-free and offers a uni-directional elasticity. Each roll is 16 ft x 2 in. and available in four colors.

Color	Item No.	Price
Blue	1018890	\$11.95
Beige	1018891	\$11.95
Black	1018892	\$11.95
Pink	1018893	\$11.95

## 3BTAPE

**3BTAPE** is made from a cotton rayon fiber that is latex free and is hypoallergenic. **3BTAPES** have a skin-friendly, thermoplastic wave-like acrylic adhesive on one side. The wave like adhesive is used to push sweat and moisture away from the tape. **3BTAPES** are water resistant, air-permeable and do not come off in the shower, pool, or sauna. They can be stretched lengthways by approximately 130-140%. **3BTAPE** rolls are 16 ft x 2 in. in length and available in six colors.

Color	Item No.	Price
Blue	1002405	\$8.95
Beige	1008620	\$8.95
Black	1008621	\$8.95
Pink	1008622	\$8.95
Yellow	1012803	\$8.95
Green	1012804	\$8.95

- + Stretchable lengthways up to 140%
- + Water resistant, air-permeable and long-lasting
- + Made from a cotton rayon fiber that is latex-free and hypoallergenic
- + The wave-like pattern pushes moisture away from the tape

### 3BTAPE Coated Kinesiology Scissors

The latest innovation in engineering and craftsmanship. These scissors are made from high carbon stainless steel which keeps the blade razor-sharp for years. Perfectly balanced for precision cutting and easily cuts multiple strips of kinesiology tape at the same time. These Kinesiology Taping Scissors are specially coated with black carbon and a fluorine resin which virtually eliminates adhesive residue.

**1014148 \$34.95**

➤ **Call us today! Discounts available for bulk purchases for medical practices, sports clubs and associations.**

### 3BTAPE Bulk Rolls, 102 ft x 2 in

Whatever your sport, with 3BTAPES, you can take care of your health and your performance.

## ELECTROTHERAPY

### Neurodyn

Neurodyn is a neuromuscular transcutaneous stimulator with 4 channels and a timer that can be set from 1-60 minutes. All necessary

cables, rubber electrodes, Velcro bands, instructional CD, 5A fuse, and gel tube are included.

#### **Currents and**

#### **Programming modes:**

Russian, TENS, FES, Interferential, Micro Current, AUSSIE, Polarized.

#### **Technical Characteristics:**

Bivolt 127 and 220 volts (50 Hz)

Output channels: 4

independent channels

**1018873 \$1,725.00**

### Neurodyn Aussie

Neurodyn Aussie Sport is a transcutaneous neuromuscular stimulator. It produces AUSSIE CURRENT (also called Australian Current), for stimulation with some advantages over traditional methods of stimulation. All necessary cables, rubber electrodes, instructional CD, 2A fuse, gel tube, and carrying case are included.

#### **Options and stimulation modes:**

Aussie current is a sinusoidal current with carrier frequency of either 1.000Hz or 4.000Hz with burst duration of 4 ms or 2 ms, modulated in pulse trains (bursts) of variable frequency ranging from 1 to 120 Hz.

Pre-programmed protocols are available.

#### **Technical Characteristics:**

Bivolt 127 and 220 volts (50/60 Hz)

Output channels: 4

independent channels

**1018878 \$900.00**

### Neurodyn Compact

Neurodyn Compact is for neuromuscular dysfunction therapy with TENS, FES and Russian currents. It has two independent channels with pulse duration from 50  $\mu$ s to 500  $\mu$ s and pulse repetition frequency from 0.5 Hz to 250 Hz and 250 mA. All necessary cables, instruction manual, rubber electrodes, are included. All necessary cables, instruction manual, and rubber electrodes are included.

#### **Technical Characteristics:**

Bivolt 100 / 240 volts (50/60 Hz)

**1018881 \$875.00**
